To all Titusvillage Section One Owners:

Due to the number of complaints, we have instructed DP Property Services to **STOP** trimming hedges, shrubs, bushes, and flowering plants.

Some people want their vegetation trimmed, others don't; some want their flower beds weeded, others don't. There are just too many different variations, that it is almost impossible remember them all and make everyone happy.

Having said that, the landscapers are on their summer schedule – they will be out on the property weekly, on a Wednesday. If you want the landscapers to trim your vegetation, you must call DP Property Services before Wednesday, tell them your address and that you want your hedges, shrubs, or bushes to be trimmed. They will not charge you for regular trimming.

They are trying very hard to make everyone happy, so we want to give this method a try.

DP Property Services
